I'm Isis Igret.
I was born to a family that has physical tendencies, with a Spartan education.
Looks like I've gotten thinner... but I might have gotten more muscles...
Well, it's due to all that exercise day in day out...
My dream is to become the owner of a fashion brand.
I was a firm believer that pretty clothes and accessories are tied to the dreams of girls.

Good morning.
Morning!
Moreover, I've been working at the bottom of the civil ladder for at least two and a half months.
Laugh at me if you will-
Touma! Lily! You up?!
Even so... well...

Mmh just three more minutes...
Let me sleep a little longer...
DON'T SLEEP ON ME AGAIN, YOU LOVEBIRDS!
OOF!
AUGH!
but it's actually pretty fun

Office #2: Special Section Six
Here's your tea.
Thank you.
And... send.
The recruits... well... they're working pretty hard.
Yep!

They're doing good at the mock battles, aren't they?
Of course. They started with good stats already.
They've finally made it to the entrance. The real training starts now.
It also looks like Lily's been getting a lot of pointers from Rein too.
Touma! Lily! We're leaving!
ROGER!

You sure are trying hard! You'll be able to beat the 0.002s between Captain Yagami and I in no time!
W-We're still a long way away
Oh, right! Instructor Rein, we've managed to shorten our reaction time substantially again yesterday!
We're averaging 0.07s now!
Is that so?
I was relieved to know that the Reactor Plugs were unexpectedly similar to the Belkan Fusion.
Thanks to that, we were able to get a lot of advice.
The companionship of the Master with the Knight, or the Reactor with the Driver is the same, huh.
I think you've already met her at a scene. Do you remember?
The partners we are meeting today is also a Master and Knight in the Section.
Captain Signum, and Agito.

Now. This is another scheduled daily meeting,
Let's see... They have not made any noticeable moves since the attack predicted by Hardis Vandein.
but being able to have such a peaceful meeting like this kind of gives me the creeps.
We have not been able to grasp the Huckebein's movements since then.
There has not been any events related to the "Mage Killers",
and I'm led to believe they're in a period of inactivity, exactly as they did before.

That eyebrow guy is still shady as hell, though...
Seems like they need him for assistance with some other cases.
And as usual, they do not have any intention of granting us a warrant to detain Hardis.
The main Branch is also working on the warrant.
We'll have him make an appearance this month for sure.
The recruits are the only ones that has had an opportunity to make contact with them.
We'll leave that to you, Enforcers. Now, about the Huckebein...
Yes... Touma, Lily and I.

WOAH!
MESSAGE RECEIVED.
ANALYSING ATMOSPHERE CONTENT.
CANNOT DETECT ANY TOXIC SUBSTANCES. NO HARMFUL SOURCES TO THE DRIVER.
Don't surprise me like that, Silver Cross...
Pick a better atmosphere, you!

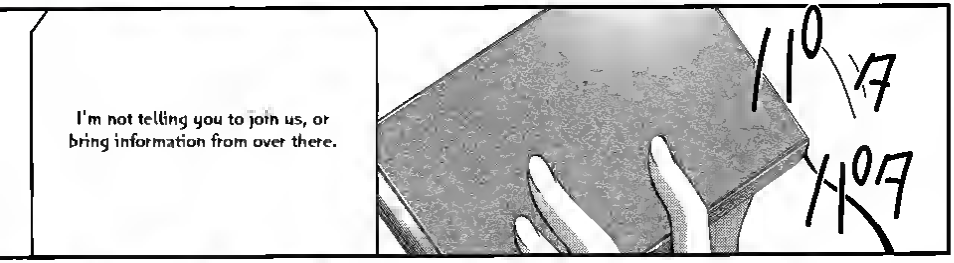
MESSAGE RECEIVED. REQESTING PERMISSION TO DISPLAY SAID MESSAGE.
HEY! WHO TOLD YOU TO ANALYSE THE ATMOSPHERE! DON'T GO ABOUT DOING THAT!

SOURCE: FLYING WARSHIP HUCKEBEIN.
SENDER: CURREN HUCKEBEIN.
CODE 006. A VOICE MESSAGE WITH VIDEO.
Fine. Who's it From?
This is the third time, isn't it...
Even though you're recruits, it's unnerving For a member to be receiving direct messages on his terminal From a criminal organization...
It's one-sided, though...
May I read it?
Sure...

Hi~ya~ How've you been doing, Touma, Lily?
Flatty?
Um she means Isis
I wonder if the flatty is with you too? We're currently moving for a job!
By the way, I haven't received a response yet, but have you thought about it?
Our AI is pretty worked up over her. She may just show up to meet her some time!

Want to pay our home base a visit sometime?



I'm not telling you to join us, or bring information from over there.

Geez...
HEY, STELLA! I'M FILMING RIGHT NOW!

There are also people I want to introduce to Lily.
Our relatives are going to gather, so I'd thought it'll be a good chance to get along with fellow Drivers

Big sis, it's time for food!
We don't need the guardians, so come along, kids!

Ciao, Touma!
Well .. if you ignore this for too long, we may do some kidnapping... so we're awaiting your response!
It really seems like a message you'd make to friends and relatives..
How trouble-some.
I should send this message alone to the main branch too...
Touma, Lily. There is something you need to know.
Someone with evil intentions will always approach you with a smile.
Make sure you don't develop affection, or closeness... okay
Under-stood!

I know that well. It's just that I do owe them for giving me a helping hand.
I wonder if permission would be granted...
Isis.
Please continue monitoring your friends. I know it's a tough job...
Understood. This isn't surviliance, it's protection and security!
I'm used to it from doing it at my family.
His sense of morality is a bit unique... it seems as he feels owes them some gratitude.
Of course, we'll all be open to debate, right?
This has clearly become a solicitation.
It'll be good if Touma does not feel any more affections towards them.

We cannot ignore their kidnap claims either. We must make a decision on our actions.
They do think of Touma as essential after all.
.....!
...!
Huh? That voice...
Since you've only met her once, in a life or death situation
I'm kind of nervous...

I TOLD YOU, YOU SHOULDN'T!
Don't sound so flustered.
My bones and guts are still inside me. I can't stay put any longer in this situation.
No! You should stay in for another month at least!
WEREN'T YOU HIT RIGHT IN THE SPINE? WHAT IF THERE'S AN AFTER-EFFECT?
It won't.
Um... Signum? Agito?
Rein! Also...
Ah. You two?

Y-YES!
It's been a while. Do you still remember me?
Sorry for not being able to help you back then... I'm glad that you're alive and energetic.
What brings you here today, though?
Um .. Sub-commander Rein commanded us to accompany her to pick you up.
Is that so?
Well, since she decided to discharge early, we decided to come pick her up...
Wait... "pick up"?
WAIT, DON'T RUSH THIS!
My main doctor is in the Section. My rehabilitation should go better over there.
You have a point there. shall we consult a doctor?
Ugh...
SIGNUM'S STILL-

You ain't! You're only moving!
See? Told you I'm fine to leave.
I'll have Shamal keeping you on a leash when you get back!
I get you.
... I guess you're right...
You're fine with me drawing my sword with Shamal's permission, right? If I don't do something meaningful, my working spirit will cry.
She sure is serious about her work.
Captain Signum sure is amazing.

That's a bit...
The lives and property lost in the incident cannot be brought back, no matter how much we agonize over it.
In reality, I could not save the two of you either.
Yes!
We're being trained by Nanohe and Instructor Vita!
Oh, by the way. You've become recruits for our Forwards, haven't you?
...sure?
ぎょとん
I've heard as much.
Mind spending a little time with me once we're back?

WAIT, WHAT? WHAT'S WITH THIS?!
Why did we become sparring partners all of a sudden?
I have no idea either.
Well... it's to celebrate the transfer of your bosses.
Something light wouldn't hurt.
WHAT SHOULD WE DO, NANOHA ?
It's 3 on 3, so just give it your all!
Just don't go overboard on the divider, or cheap explosives.

Let's go, Agito, Rein! Let's get used to fighting against Mage Killers!
Ah, geez, whatever!
Why me too...?
E-err, anyway, the recruit trio!
Stand by, Ready!

That Signum... a beeline for the training grounds, huh?
It seems that way.

I see.
Kaleido's sword should be here tomorrow too.
Levatein is currently equipped with countermeasures against Mage Killers.
Ah, Captain Yagami! Teana! Good day!
They're all at the training grounds.
In the middle of a mock battle too.
I'm meeting Touma and Lily later too!
Yes! I have something to deliver to her.
Oh, Vivio! Chris too.
What's up? Something for your Mama?

Silver Cross!
OHO! NICE GOING, LILY!
Explosive type, huh... a bit nasty, reminds of #5, but not bad.
#5?
DON'T MIND! I WAS JUST TALKING TO MYSELF!

I...
I do see the potential.
I see why Captain Takamachi was so interested in you!
T-thanks?
Hmm... how about showing me your reacted form?
Ah... roger!

How about you join in with the moch battle too, Vivio?
Yeah, really.
I'm glad Signum's doing well.
Ah... you shouldn't bother them!
Just hiding! I'll watch them until they're done!
I've bought them some snacks, after all.
Ahh
Sounds great! Want to have a go, Chris?
Ah! Signum and Rein are...

Unison in
Signum in
Reinforce II
HEY, WHY DID YOU UNISON WITH HER?
Sorry, Agito. It's a showdown between the master and knight.
That's right!
If we don't go all out either...
The instructor and Captain Signum! What intensity!

Luminous Dragon!
Crimson Slash!
LILY! LET'S DO IT!
LET'S DO THIS!
Roger, Touma!

SILVER-
FLYING DRAGON-!
Ah, they'll be fine.
Eh? That seems a bit dangerous?
FLASH!
HAMMER!

I'm sorry, I just...
Weren't we instructed to not go all out on each other?!
... My apologies.
AH, GOD, THAT WAS DANGEROUS
Great work, the two of them.
Agito and Isis managed to control the situation
Thank you!
THANK YOU VERY MUCH!
I've achieved some rehabilitation, and was able to gauge your strengths.
Let's leave it there.

Fourth Factory Island,
Vandein Corporation.
ヒュオオ…
Boss... the request from the TSAB has become much more intense.
We're no longer able to hide an explanation away from them...
Hmm. The agents and us are both enthusiastic about our jobs.
It's sad, however, for them to misjudge us.
We only wish to contribute to society with our technology.
To be continued
